Memorial Hospital Foundation is a non-profit 501 (c) (3) corporation and subsidiary of Memorial Hospital which exists to support Memorial Hospital by raising privately donated money. Your donation can truly make a difference. The economics of healthcare presents a constant challenge to hospitals all over the nation, including Memorial Hospital. There is an array of possibilities for you to impact healthcare services available to the residents of our region through your compassionate giving. We thank you for making a difference now and for the future of Memorial Hospital.

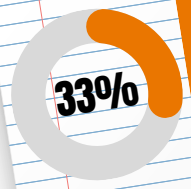

Based on Memorial Hospital's Community Health Needs Assessment (CHNA) completed in 2021, 48% of respondents indicated that Behavioral Health Services were the most needed health education service.

Over 1 in 5 youth (ages 13-18) either currently or at some point during their life, have had a seriously debilitating mental illness (CDC, 2023).

Between 25% and 33% of adolescents forgo needed care, and many others lack access (NCCP, 2024).

Common Challenges

- ✓ Anxiety
- ✓ Depression
- ✓ Social/Emotional Difficulties
- ✓ ADHD
- ✓ Emotional Dysregulation

The Need

Memorial Hospital Foundation's *Strengthening Minds, Building Futures* campaign will support Memorial Hospital's Behavioral Health Team as they work to launch a new mobile unit, Memorial Medical Clinic Mobile. This mobile clinic will allow mental health professional counselors to provide students with needed support, therapy, and resources, directly on their school's campus. This mobile unit is licensed to serve children ages 4 through 18 throughout Hancock County and beyond.

“ Behavioral health visits occur more frequently than other medical services. This often creates a burden for families in rural areas to provide weekly transportation. We aim to reduce that burden so that our kids can be seen at school locations, when and where they need it.

- Gavin O'Neil, LCSW
Memorial Behavioral Health
